

YOU'VE GOT MAIL! OR DO YOU?

According to our USPS Supervisor, Danny Gomez, if your mailbox is overflowing with mail, your mail will be held at the Post Office.

The Post Office realizes that our mailboxes are unusually small, but there are no exceptions to the rule. So, when you go on vacation or fail to check your box regularly, your excessive mail will be returned to the Post Office.

And keep your mailboxes locked! Not only for security reasons, but your mail will be returned if your box is not locked – yep!

Contact the Concierge or Management Staff to have a new lock installed. And if you would like to speak with the USPS Supervisor, Danny Gomez, call 816-374-9101.

USPS is putting their foot down, so if you have a complaint, please let them know!

If you need my assistance, I am happy to help!

Yours truly,

**Dana Conner
Property Manager**
